# Adobe Creative Cloud resources for educators.

Art by Marumiyan

From educator communities and distance learning resources to sample curricula and certification programs, Adobe is your partner to help empower students to think creatively and communicate expressively. These are the skills that employers are demanding. Set your students on the path to future success.

Adobe Education Exchange
Get instant access to free courses, workshops, and sample course materials, and connect with a broad educator community.
https://edex.adobe.com

Distance Learning Resources
Elevate remote and online learning programs with free lesson plans, projects, webinars, and more.
