

# Adobe Creative Cloud for higher education

## Student License Pack datasheet

Adobe introduces a new way to foster digital literacy and teach your students the essential skills they need to succeed in the modern economy. Student License Pack gives students access to the full power of Creative Cloud wherever they are, on any device, and at a significant discount. And these higher education licenses now include Adobe Firefly generative AI features and Adobe Substance 3D at no additional cost. Individual departments or entire institutions can purchase the packs on behalf of 100 or more students via the Adobe Value Incentive Plan (VIP).

### Key benefits

#### Exceptional pricing

Get the best VIP student pricing Adobe has to offer, with a minimum purchase of 100 or 250 licenses.

#### On-the-go access to creative tools

With Student License Pack, students aren't restricted to working on lab or classroom computers. They can use their Creative Cloud apps and services on their personal computers, smartphones, and tablets—and they can easily access and work on files across devices.

#### Unlimited access to Creative Cloud apps and services

With all of Adobe's creative desktop and mobile apps at their fingertips, students can create amazing work for any medium and develop essential digital skills. They can use simple text prompts to quickly create amazing content with new Adobe Firefly generative AI features. And they can use Creative Cloud services such as Adobe Portfolio and Behance to showcase their work to potential employers.

#### Easy license management

Your school's IT admins can quickly assign licenses to individual students, add or delete users, assign products, and add administrators in the Admin Console: <https://helpx.adobe.com/enterprise/using/admin-console.html>. And they can easily reassign the same license as students and courses come and go, as many times as needed.
